A foundational course in permaculture design with a practical bent, for **renters, apartment dwellers, home-owners and lot-owners alike**. For suburban or city residents who want to transform their immediate environment into something beautiful, productive, energy lean and functional, this intensive training was designed for you. **Course Description & Registration at www.MidwestPermaculture.com**

Learn about:

*Foundations of permaculture design
Gardening for bounty while reducing labor
Creating a greater sense of community & resilience in our neighborhoods
Various rainwater harvesting techniques
Raising food just about anywhere
Gardening on concrete, on roofs & in apartments
Reducing energy use
Generating income from one's home or lot
Looking at the heart of creating 'permanent-cultures'*

Bill & Becky Wilson. Speaker, Teacher and Writer, Bill holds 2 PDC Certificates and has taken advanced training in both permaculture design and teaching through the Permaculture Institute, USA. He has co-taught over 30 PDC Certificate Courses.
